

Melissa is a very caring and compassionate nurse. Recently a family member called the floor to let us know their loved one had passed away. They particularly mentioned Melissa. The patient had mentioned during his stay how he would like to hear a special song. Melissa downloaded the song and brought it back the next night. The family said he listened to the song over and over. It provided him a source of comfort. Melissa went above and beyond for her patients. EXTRAORDINARY NURSE !!!!
