

*This is a wonderful young lady who is very intelligent and very compassionate. She made me feel as though I had a great friend from the beginning. When I was very emotional about my husband, she was there for me. She went beyond her call of duty just to talk with me. She got me off the floor to get some fresh air just to vent, and have a break. To be a new vibrant nurse speaks a lot for me. She is always willing to help my wonderful husband in many ways. She is also very skillful as many other nurses at this hospital. I think she will never lose her love and compassion for her patients. I sincerely think Sherri deserves this award and hope she always stays the same because I feel as though she treats my husband and myself as her own family. God bless her and every other caring nurse here at St Joseph East. Good luck Sherri!!! You deserve the best.*
